

SKY SADDLE WINES

2005 Syrah *Sonoma County* *\$24/bottle*

This Syrah comes from a small, hillside vineyard in the Mayacamas hills of Sonoma County and is farmed biodynamically. Fermented with native yeasts, the wine is dark and rich with flavors of berries and aromas of stone fruit, white pepper and earth. A big, California style of syrah with explosive aromatics and a warm, smooth palate. Certified organically grown grapes, 322 Cases made

2006 Chardonnay *Harms Vineyard Napa Valley Oak Knoll District* *\$24/bottle*

Forming delicate aromas of honeyed pear, lime and pineapple, this wine is balanced with a long creamy finish and flavors of hazelnut, fig and apple. A rich wine, golden hued and intense. Planted to Dijon clones on a small hillside in the Oak Knoll district of Napa Valley, this vineyard is lovingly farmed by Donald and Patricia Harms, according to Demeter Certified Biodynamic Standards. Barrel fermented with native yeasts and intentional lees stirring this wine was aged 12 months and bottled unfiltered and unfiltered. Complete malolactic fermentation.

Certified organically grown grapes, certified Biodynamic, 240 Cases made

2006 Sangiovese *Harms Vineyard Napa Valley Oak Knoll District* *\$22/bottle*

This Sangiovese is dark and lush with bold fruit flavors and aromas of blueberry, nutmeg and black cherry. A fruit driven food wine with excellent natural acidity and complex aromatics. The beautiful color is reminiscent of this ancient and noble Italian varietal. Also from the Harm's vineyard in the Oak Knoll District of Napa Valley. Farmed according to Demeter certified Biodynamic standards. Certified organically grown grapes, 258 Cases made

2006 Pinot Noir *Russian River Valley* *Sonoma County* *\$38/bottle*

My personal favorite wine. Bottled unfiltered and unfiltered, this Pinot Noir has wonderful aromas and flavors of ripe cherry, rose petal and wild blackberry. Medium tannin structure with bright, natural acidity and layers of spice, toast and tea leaf on the nose. Benefits from aeration. Sourced from a 1.5 acre vineyard in the heart of the Russian River Valley. Planted to Dijon and Pommard clones and farmed biodynamically. Certified organically grown grapes, 93 Cases made

2007 Zinfandel *Sonoma County* *\$24/bottle*

A powerhouse style Sonoma Zinfandel. Massive black fruit flavors with aromas of dried fruit, berries and spice. This highly extracted wine is hearty and warm with medium tannins and a traditionally rich Zinfandel mouthfeel. Biodynamically farmed Sonoma Mountain Hillside select.

Certified organically grown grapes, 150 Cases made
